

Put Your Savings on autopilot with

# USaveFirst

*What is it?*

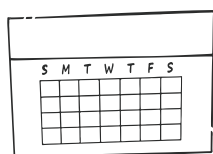

USaveFirst is an add-on to your SaveUp Savings<sup>SM</sup> account that makes it easier than ever to save each month!

*How does it work?*

It's easy! Choose one of the following amounts

**\$0.25**  **\$0.50**   **\$0.75**    **\$1.00**    

to add to your savings account each time you have a debit card purchase transaction.

At the beginning of each month, we'll add up the total amount of debit card transactions, and transfer the specific amount out from your Checking Account to your SaveUp Savings<sup>SM</sup> account. The amount transferred is based on your purchases in the month prior. You can change your amount at any time by logging in to Online Banking.

*How much can I save?*

For example, if you choose **\$1.00** and make **15 transactions in June**, at the beginning of July, we'll automatically transfer **\$15.00** to your SaveUp<sup>SM</sup> Savings Account. If you're making **15 transactions monthly**, adding **\$15.00** to your savings, at the end of the year you'd save **\$180!**

15 transactions monthly

\$15.00 per month

12 months per year

**\$180 total saved**

*Why would I use it?*

**It's a free, easy way to help you save money!**

Already have a SaveUp Savings account? Enroll by logging into Online Banking! Select Account Services from the menu, and choose Set Up/Manage USaveFirst.
